COVID-19 Information

We see many tenants gathered in common areas without a mask! Please Wear a Mask when in the lobby, elevators, laundry rooms and any other common areas, for your safety and the safety of others.

How does COVID-19 spread?

People can catch COVID-19 from others who have the virus. The disease spreads primarily from person to person through small droplets from the nose or mouth, which are expelled when a person with COVID-19 coughs, sneezes, or speaks. These droplets are relatively heavy, do not travel far and quickly sink to the ground. People can catch COVID-19 if they breathe in these droplets from a person infected with the virus. This is why it is important to stay at least 1 meter) away from others. These droplets can land on objects and surfaces around the person such as tables, doorknobs and handrails. People can become infected-by touching these objects or surfaces, then touching their eyes, nose or mouth. This is why it is important to wash your hands regularly with soap and water or clean with alcohol-based hand rub.

IMPORTANT REMINDERS...

Please remember to put your name and apartment number on anything that you put in the drop boxes. If you put a blank money order in the drop box, we have no way of knowing who it belongs to and we cannot apply your rent payment to your account.

Money orders should be made payable to: AHA

Where it says from: Write your name and apartment number

*** Please do not put any trash in the drop boxes ***

*** Please do not throw any food items in the laundry room trash cans ***

Hi Rise & Stratton Tenants
